Shopping Cart

The shopping cart is using a Bootstrap modal, allowing the user to review selected donation items without leaving the main page.

Bootstrap classes used:

- modal
- table
- table-responsive
- btn
- btn-group
- alert

The screenshot shows a web application for 'CharityCare' with a blue header. A modal titled 'Shipping & Buyer Information' is open, featuring a close button (X) in the top right. The form contains several input fields: 'Full name' and 'Email' (with 'you@example.com' pre-filled), 'Phone number' (with 'numbers only' as a placeholder), 'ZIP / Postal code', 'Address' (with 'Street, house number' as a placeholder), 'City', and 'Country' (a dropdown menu with 'Choose...' selected). There is also a text area for 'Additional notes' with the placeholder 'Preferred delivery times, messages to families, etc.'. At the bottom of the modal are two buttons: 'Back to cart' and 'Confirm donation'. The background of the website is slightly blurred, showing sections like 'Support Families', 'Donation & Purchases', and a '10% discount' offer.
